

Just add water!™

Aquabeads 2025

EPOCH

What is Aquabeads ?

Aquabeads is the Original Water-Activated Bead Craft Kit! Since 2004, children throughout the world have created millions of Aquabeads designs. Following the template sheet, place the beads onto the tray to create your design, or even make your original design. Using the sprayer, spray water onto the beads to make them magically stick together! Making Aquabeads creations is like coloring in 3D, with easy function and safeness for anyone to get started. Let your endless creativity and imagination flow with Aquabeads!

Aquabeads is a bead toy that magically stick together with water - Just add water to complete your creation! Aquabeads will melt with water and stay together in the shape of your design after completely dried. No ironing or needling required during the whole playtime, so anyone can enjoy their creative activity safely on their own!

*Aquabeads products are made from materials which are non-toxic to human body, and complies with toy safety standards.

WATERCOLOUR BEADS

"Watercolor beads" are a distinctive marble pattern.

Each of the beads has its own unique look, they can be used to create subtle expressions, just as if you were creating a painting!

"Watercolor beads" perfectly replicate animal fur, shiny dinosaur scales and much more!

Try out all kinds of ways to use them!

The logo for Watercolour Beads is a circular emblem. It features a stylized landscape with a yellow sun, green hills, and a blue sky. The words "WATERCOLOUR BEADS" are written in a bold, bubbly, multi-colored font across the center. The letters are outlined in black and have a slight 3D effect. The background of the circle is a gradient of blue and green.A pink circular badge with the text "1400 BEADS" in blue and orange.

Aquabeads Nail Studio

Aquabeads Nail Studio is a new fashionable series from Aquabeads! Decorate the Aquabeads Nails with the included decorations and stickers to make your own creations. Just apply water onto the Aquabeads Nails, place the decorations on top and they magically stick together!

How to make Aquabeads Nails

*Aquabeads Nails melt with water. Take off before meals, washing hands, or taking a bath. After taking off the creations, gently wash your hands with water to remove the remaining Aquabeads Nails material (PVOH) from your fingernails.

Just add water!

Beware of using third-party products

EPOCH Company, Limited is aware that there are numerous water stick beads being offered world-wide by third-party sellers.

In the past few years, we have discovered numerous products claiming to be "compatible with Aquabeads®." These products claiming to be "compatible with Aquabeads®" are not provided by, sponsored by, or associated in any way with Epoch Company, Limited or its products sold under the trademark, Aquabeads®. As such, we cannot guarantee the quality, including the safety of these third-party products, nor can we guarantee the actual compatibility of any of the third-party beads, or accessory products such as pens or trays.

EPOCH Company, Limited does not take any responsibility or liability for any damage or loss caused by the use of these third-party products.

As such, purchasing third-party products to be used with genuine Aquabeads® products is NOT recommended.

"Aquabeads®" is a registered trademark of EPOCH Company, Limited.

First sold in 2004 as an arts & crafts toy series created by EPOCH Company, Limited, Aquabeads® products are now sold in over 40 countries and regions.

Aquabeads® products comply with the toy safety standards of all countries and regions where they are sold. The safety and quality of all materials used in Aquabeads® products are guaranteed, and assured by toy tests based on the toy safety standards of each country and/or region in which they are sold.
